

Fresh from the Farm Beef Directory

Find locally produced beef

Ohio's beef industry is pleased to provide this opportunity to purchase beef directly from your neighboring beef producers. Locally produced beef is known more traditionally as freezer beef. Farmers have always raised their own beef, had it processed and aged locally and brought back to the farm to feed their families. Freezer beef is frozen and properly packaged to provide quality products as close as your home's freezer.

For more information or to be included on this list, call the office at 614-873-6736 or email beef@ohiobeef.org.
